

## Fire Destroys Packing Plant

SCHWEITZER & CO. SUFFER \$30,000 LOSS. OPERATION SCHEDULE RETARDED.

### BLAZE STARTED IN SMOKE HOUSE

Fire, shortly after 1:00 p. m. Monday, destroyed the meat packing plant of Schweitzer & Co., on Railroad street. The blaze was first discovered in the walls of the smoke house and its spread was so rapid that firemen were unable to check it. The plant was entirely destroyed and a very small portion of the contents saved. The loss is estimated at about \$30,000, with insurance covering \$13,000.

According to reports, Russell Winterlee had started a fire in the smoke room, and, as is usually done, the door of the room was left slightly open in order to afford a draft at the stove. Winterlee was called to another part of the business and when he returned the smoke room was on fire. The fire quickly spread to the main building and it was not until the fire had reached the main building that the fire was discovered. The fire was so rapid that the firemen were unable to check it. The plant was entirely destroyed and a very small portion of the contents saved. The loss is estimated at about \$30,000, with insurance covering \$13,000.

The refrigerator and storage places were well lined with stocks of meats of just about every kind. One end of the refrigerator plant was burned and may possibly be rebuilt. Most of the meats were damaged and made unfit for use. One of the two compressors was damaged by falling debris, the other may be saved. These, with the refrigerator cost the company \$14,000. Much valuable machinery and equipment were destroyed and will probably have to be replaced. This was one of the most modern and up-to-date and best arranged packing plants anywhere in Michigan. It was built early this year.

A part of the plant was located on the same street just north of the hotel annex. For the present the firm will carry on its operations from that place, confining its activities to wholesale distribution until such time as the destroyed plant may be rebuilt and equipped. The company had given work to as many as 30 employees. At the present time it employs about nine. The company has enjoyed a large

patronage, serving dealers in all parts of upper Michigan. The packing plant too was a big help to the local livestock producers who found here a ready market for their products.

### Another Community Xmas For Children

CRAWFORD AND ROSCOMMON CHILDREN TO BE FEED

The two Georges are at it again—got their needs together and have ordered old St. Nick to be on hand on the day before Christmas, to be exact, December 24. The kiddies of Crawford and Roscommon counties are all invited to be in Grayling on that afternoon. First the children from Roscommon county will be guests at a movie at the Rialto beginning at 1:30 o'clock and later receive a treat of candies and nuts. You know those great big sacks like they always get. Later in the afternoon the kiddies of Crawford county will attend the show and likewise receive a treat.

Laurel and Hardy are favorites with young and old alike and you'll see them that day in "Our Relations."

Don't forget every child in Crawford and Roscommon counties is invited.

### EXAMINATIONS FOR WARDENS AND TOWERMEN

The Department of Conservation will hold an examination to fill vacancies in the positions of Fire Wardens and Towermen for district No. 11. The examination will be held at the High School gymnasium, on Thursday, Dec. 17th, 1936, at 9 a. m., at Roscommon. Vacancies are two Fire Wardens and two Towermen.

12-3-2

## To Discuss Predatory Animals

SPORTSMEN, SUPERVISORS AND FARMERS URGED TO ATTEND

To Be Held At Temple Theatre, Dec. 16

Aroused by the depredations of marauding coyotes and other predators, farmers, livestock and poultry owners and sportsmen will assemble in a mass meeting, here Dec. 16 to discuss what can be done about it.

The meeting, in which the department of conservation will participate, will be in the nature of a general discussion of the predatory animal situation in the northern part of the lower peninsula with special emphasis on the coyote.

Arrangements are being made by the Grayling chapter, Izaak Walton League, and Miles W. Canaghan, state senator-elect of Reed City. Sportsmen's organizations, boards of supervisors, livestock and poultry owners and farmers of the region are being invited to send representatives.

The coyote is a comparative newcomer to Michigan, having migrated into the upper peninsula from Wisconsin and Minnesota and thence into the lower peninsula within the past two decades.

### EXPRESS GRATITUDE FOR PUBLIC'S RESPONSE

Mrs. J. L. Martin, Roll Call chairman, Crawford County Red Cross chapter, today expressed gratitude for the public's response during the enrollment period.

"The generosity of the local citizenship again has been demonstrated," the Roll Call Chairman said. "The outcome of such an appeal cannot be measured wholly upon a dollars and cents basis. Service rendered in the Roll Call by volunteer workers, the manner in which these solicitors were received on all sides and the faith in the Red Cross evidenced throughout the chapter territory are all as gratifying."

"The Red Cross is only as strong as its membership. It is able to serve humanity only in the degree to which it is supported."

In behalf of the local chapter, I take this means of expressing profound appreciation and thanks to all citizens of Crawford county who gave so generously of their time or funds, or both, during the annual Roll Call, and especially the members of the American Legion Auxiliary, who conducted the drive.

## Grayling Wins From Harbor Springs

Friday night, the victory-starved Grayling team won a thrilling victory over Harbor Springs in a basketball game at the local arena. The victory was a 31-21 score. Although it was a bad night for the men of Harbor as the local section decisively whipped the visiting team to the tune of 30-2 in the 1935 preliminary.

Harbor Springs determined to increase Grayling's losing streak to four straight, but three points in quick succession to force an early lead. Ed Chalker, high point man of the evening, with seven counters to his credit, started the Northern Lights off on their victory march by ringing up a foul shot, which was followed by a two-point, under-the-basket tally by Dunnham. Ed, obviously believing the best time to win a ball game is at the beginning, dropped a neat long shot from the 10 second line. In response to this insult to their pride the Orange and Black scored a two pointer on top of one of their numerous foul shots. Following a side-pot counter by Bowen, Harbor trailed from the lead and only to be set back as Bowen scored again to give the Green and White a two-point lead at the finish of the first period.

Going into the second quarter the two teams played neck and neck, the lead shifting from one side to the other at varied intervals. The up-state squad started the ball rolling by swishing the net with two foul shots. Moshier's two point and to the Grayling cause was met by another one of those inevitable Harbor shots. Bowen then stepped in and increased the local's lead. Chalker scored from the side and Courts accounted for two markers on the foul stripe to give Coach Cornell's men the advantage of a five-point lead with which to begin the second half.

With a five-point lead to overcome Harbor Springs entered the third stanza with a "fight to the end" attitude and fight they did. Having no time to waste they put the finger to add points to the homesters' score. In the closing minutes of the third quarter and in the final period the Snow Show boys outscored their opponents two to one and marched on to their hard-earned 31-21 win. With five minutes to go Grayling, as has been the case in all three games so far, enjoyed a comfortable lead, but instead of banking down to win, they appeared stronger than ever and increased their lead instead of letting it slip from them.

In this contest the boys showed vast improvement over their former performances and from now on, with a little confidence in their ability to win ball games, they should be places and bring home the bacon instead of the towel.

### MRS. FELDHAUSER CELEBRATES 80TH BIRTHDAY

Thursday evening a few neighbors gathered at the home of Mrs. Edwin Chalker to remind six of their crowd it was time to light another candle on the birthday cake.

Those who were reminded that another year had rolled around again were Mrs. Carrie Feldhauser, Mrs. Florence Wakely, Mrs. Hattie Moshier, Mrs. Paul Lovely, Mrs. Albert Knibbs, and Mrs. Floyd Taylor.

The evening was spent in playing games and was immensely enjoyed. Prizes were awarded to Mrs. Paul Lovely, Mrs. Russell Moshier, Mrs. Vallad, Mrs. Chalker, Mrs. Carlton Wythe.

The lunch table was beautiful with tall lighted tapers casting a festive glow on a lovely pink and white birthday cake.

"Grandma Feldhauser" whom most everyone knows as the "Grand Old Lady," finds herself 80 years young and has the best wishes of her hosts of friends who hope to help her celebrate many more birthdays.

### "MAN AND HIS NEIGHBOR"

The members of Grayling Kiwanis club were privileged to hear an address entitled "Man and His Neighbor" by Mr. Clyde Ketcham, at their usual Wednesday noon meeting. He clearly convinced his listeners that for one to assert his rights in all things is not altogether best for his own good and for the good of his neighbors. The members of his community. His talk was brimming with thought-provoking suggestions, and was given in a masterful manner. Mr. Ketcham is an attorney, coming here recently to check up on legal matters pertaining to the local federal resettlement administration.

Next week's meeting of the club will be devoted to entertaining members of the State Conservation commission, including Director P. J. Hoffmaster, Senator Miles Callaghan, and other prominent officials.

## Do We Want Socialized Medicine?

(The following is an address given by Dr. C. R. Keyport before the Kiwanis Club of Grayling Wednesday, December 2nd)

### STATE MEDICINE

State medicine is a system of complete medical service to all citizens at public expense.

Who Wants State Medicine?

1. Not the public in general. They want evolutionary progress in everything. Not revolutionary upheaval.

2. No dissatisfaction with present system.

American Preventive Medicine

in Michigan death rate has been reduced. A few figures:

Diphtheria ..... 1900 1934

Typhoid fever ..... 1900 1934

Tuberculosis (all forms) ..... 1900 1934

Smallpox ..... 1900 1934

(for 2 yrs.)

Measles ..... 1900 1934

Scarlet fever ..... 1900 1934

Preventive medicine is part of the work of the private physician. In European countries under a plan of socialized medicine, physicians have no time for preventive medicine and statistics prove this.

Public knows we have no serious epidemics.

1901 life expectancy 47.24 years today life expectancy 61.26 years

Public wonders if State is so interested in medical care.

Why does it not try to eliminate Charlatans and quacks which cost public each year \$125,000,000. Why does State not control patent medicines and save the people \$300,000,000 each year.

Public notices that when ever public funds are ordered to assist people request soon changes to demand. Does lead to moral deterioration, never satisfied. When people earn and pay their own way they are satisfied.

### Not The Patient

1. Does not want to be dependent on bureaucracy for medical care.

2. Does not want inferior medical service.

3. Patient knows free choice of physician will be restricted. Medical attention will become a mechanical system rather than a personal service. Mass production.

4. Patient will lose confidential patient-family physician relationship.

5. Very sick patient will not receive, because of demands for minor services, quantity and quality. Cut down to reduce costs.

6. Patient does not want any meddling third party to come between him and his physician. Example: Workmans Compensation cases.

7. Patient does not want to suffer delay in treatment due to numerous bureaus and agencies to which he must apply.

### Not The Farmer

1. Farmer has small annual income out of which he would have to pay taxes to maintain a compulsory medical system, and receive little benefit.

2. Farmer cannot see why State should provide medical care for wealthy or reasonably independent, or why pay for self inflicted diseases occasioned by alcoholism and immorality.

3. Objects to carrying greater tax load so that dependent people in cities, such as indigents, may secure more privileges.

4. Conscientious and careful about his budget feels that medical service deserves to be placed in his budget.

He is aghast at figures of average family for luxuries.

Passenger auto..... \$150.00

Tobacco ..... 67.00

Jasoline ..... 37.00

Candy ..... 37.00

Movies and Entertainment ..... 35.00

Soda water, Ice cream, and gum ..... 34.00

Jewelry and Furs ..... 20.00

Liquor ..... 22.00

Radios and Musical Instruments ..... 10.00

Cosmetics ..... 15.00

5. Average farmers' family, 4.1 people, annual expenditure (medical) \$62.00.

Tobacco bill more than doctor bill. Twice as much for candy as for hospitals. Twice as much for cosmetics as for nursing.

Not The Employed Person

1. American Federation has studied various forms of socialized medicine and failed to endorse them.

2. Employed person does not want it because it means less wages and more taxes.

3. Employed realizes that adequate living wage provides normal healthful living and competent medical care—sufficient needs for living.

Employed person prefers to purchase medical care as well as other necessities when and from whom he wishes in the true American way. His experience makes him suspicious. With Samuel Gompers, he says: "Put (Continued on third page)

## Regular Meeting I. W. L. Dec. 16th

The first regular meeting of the Crawford County Izaak Walton League chapter, will be held at 6 p. m., Dec. 16, 1936 in the court room of the county building. Inasmuch as this will be the first regular meeting, many important matters pertaining to the future activities of the local chapter will come before the meeting. Already various suggestions have been advanced in reference to changes in the deer law with the hope of eliminating the shooting of so many does and the commercializing of deer.

R. A. Wright, president-elect for the coming year, has appointed the following as chairman of the various committees:

Conservation—Jack Redhead.

Membership—Frank Bennett.

Entertainment—Harold MeNeven.

Educational & Public Relations—Russell Robertson.

Each chairman in turn will select his various committees who will be announced at the December 16th meeting.

At this same meeting final plans will be made in connection with the proposed New Years Eve ball at the high school. Watch for further announcement regarding the New Years Eve ball.

Membership in the Crawford County Chapter of Izaak Walton League has now reached a total of 85 members and new members are being signed up daily. Those who haven't joined yet should make it their business to do so as the local chapter deserves the support of all Crawford County citizens. We have the Izaak Walton League to thank for the support we are now to receive from the State at our Winter Sports Park, and we shouldn't overlook the fact that this county will be the doubt want other favors in the future which will be easier to secure if we have a real live

## Q. E. S. HOLDS INSTALLATION

THURSDAY DEC 10 1936

**MRS. HENRY FELDHAUSER**

Mrs. Henry Feldhauser, of Grayling, Mich., has been elected president of the local chapter of the American Legion Auxiliary. She was elected at a meeting of the auxiliary held at the home of Mrs. J. W. Smith, last evening. Mrs. Feldhauser has been active in the auxiliary for some time and has been elected to the position of president for the year 1936-37. She will continue to lead the auxiliary in its efforts to raise funds for the American Legion and to provide for the needs of the community.

Mrs. Feldhauser is a well-known member of the community and has been active in many other organizations. She is a devoted mother and a loyal citizen. Her election to the position of president is a reflection of the confidence placed in her by her fellow members of the auxiliary.

**PROMOTE WINTER SPORTS**

The local chapter of the American Legion Auxiliary is planning to hold a winter sports festival at the Grayling Hotel, next Saturday afternoon. The festival will include a variety of winter sports, including ice skating, curling, and hockey. The proceeds from the festival will be used to fund the auxiliary's efforts to provide for the needs of the community.

**FIRE DESTROYS GARAGE AND AUTO**

A fire broke out in the garage of the Grayling Hotel, last night, and destroyed the garage and the auto which was stored in it. The fire was caused by a gas leak and spread rapidly, destroying the garage and the auto. The Grayling Hotel is a well-known landmark in Grayling, Mich., and the destruction of the garage and the auto is a significant loss to the community.

**CHRISTMAS CANTATA TO BE PRESENTED NEXT SUNDAY**

The local chapter of the American Legion Auxiliary is planning to present a Christmas cantata at the Grayling Hotel, next Sunday afternoon. The cantata will be a musical play about the life of Jesus Christ and will be presented by the members of the auxiliary. The proceeds from the cantata will be used to fund the auxiliary's efforts to provide for the needs of the community.

**WOMANS CLUB**

The local chapter of the American Legion Auxiliary is planning to hold a meeting of the Women's Club, next Friday evening. The meeting will be held at the Grayling Hotel and will include a variety of topics, including the life of Jesus Christ and the needs of the community.

**CHRISTMAS CANTATA TO BE PRESENTED NEXT SUNDAY**

The local chapter of the American Legion Auxiliary is planning to present a Christmas cantata at the Grayling Hotel, next Sunday afternoon. Mrs. Adolph Peterson, Mrs. Lee Johnson, president and secretary of the American Legion Auxiliary, Mrs. Sam Rasmussen and Mrs. Alfred Hansen attended a conference of Auxiliaries held at Bay City Saturday and Sunday. It was very enjoyable with luncheons, banquets and a ball. As a courtesy from the Chevrolet Motor Co. favors of company were presented each of the ladies attending.

## Hanson Restaurant Changing Hands

One of Grayling's popular eating places, and known for years as the Hanson Restaurant, is changing hands today, when Frank Bennett bought out the business from James Buggy. Mr. Bennett has found the restaurant work very interesting for the good of his health and is his reason for disposing of same. The new proprietor, who is a well-known resident of Grayling, will continue to operate the restaurant under the name of the Hanson Restaurant. He has worked in the restaurant for a long time and knows the business well. The Avalanche wishes the new proprietor much success.

## Womans Club

The Women's Club met Monday, December 7th, at the home of Mrs. Anne Smith. Interesting and useful work was given on "Famous Women of the World" by Mrs. Schumann. A World Movement was given by Mrs. Schumann. The next meeting is a social meeting and will be held on Tuesday, December 15th, at the home of Mrs. Schumann. The Women's Club is a well-known organization in Grayling, Mich., and its members are active in many other organizations.

## CHRISTMAS CANTATA TO BE PRESENTED NEXT SUNDAY

A Christmas cantata, entitled "The Birth of Christmas," will be presented next Sunday afternoon at the Grayling Hotel. The cantata will be a musical play about the life of Jesus Christ and will be presented by the members of the American Legion Auxiliary. The proceeds from the cantata will be used to fund the auxiliary's efforts to provide for the needs of the community.

## VETERANS OF FOREIGN WARS NOTICE

A very important meeting of the Veterans of Foreign Wars will be held on Friday night, at the Beaver Creek town hall, at 8 o'clock sharp. Commander Neal Matthews hosts for a large attendance and has arranged for the year will be announced. At this meeting the new officers will be elected and the members will be given a report on the work of the organization. The meeting is a very important one and all members are urged to bring all candidates for nomination and the meeting will be opened on time. The place of meeting has been chosen for the greatest convenience of both Roscommon and Grayling, as well as the members who reside in the country surrounding.

## AUTO DEALERS RECEIVE BIG ORDERS

All of the local auto dealers are reporting big sales, the largest in the history of some. George Burke reports the recent sale of 24 cars, the largest order coming from the Bay City Gas Co., to whom they delivered 24 cars. Other deliveries include new Fords to Albert Lewis, Big Bay, D. Foster, Kalamazoo, Forest Barber, Grayling, Chappel, Battle Creek, Alva Knorr, Detroit, Howard Red Bay City, Lt. LeRoy Rutherford, Pontiac.

The American Legion Auxiliary are having a big blow-out at Spikes next Monday night. Grayling was visited by a heavy snowstorm Saturday night and Sunday afternoon a real blizzard blew up and the temperature got to two above zero. The heavy snow of the previous day was swept from the ground by a better wind and made traveling pretty uncomfortable. Workers were kept busy through the evening, building barns and a few cars are said to have been stalled on slick roads for a day or so the first of the week. The snow has disappeared during the past few days and today we are experiencing a real thaw. The lowest temperature has been so far this winter, was on Dec. 1st, when the thermometer registered below.

Mrs. James Barry, accompanied by Mrs. Mary Barry and by Mrs. George Barry of Bay City, arrived in Grayling Monday, and accompanied by Mrs. Jerry Sherman, who had been visiting there.

Mr. and Mrs. Ward Bess and son Richard, and the former's brother, Henry Bess, returned Sunday to their home in Grand Rapids after visiting Mrs. Bess' father, William Johnson, and other relatives at Fredric and here.

Mr. and Mrs. Mano R. Lee, who have resided in Grayling for about a year, operating a rooming house, are returning to Toledo next week. Mr. and Mrs. Lee made a number of warm friendships among Grayling people during their short residence.

## Even the Pilgrims Celebrated on Christmas Day

The Pilgrims thought that joy and feasting on a holy day was sinful and frowned on any observance of Christmas, yet on the evening of December 25, 1620, it is recorded that the Puritans returned to their ship and had a feast. The historian was careful to record that it was to celebrate the start of their new home.

## Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO

Thursday, December 11, 1913

J. Foglesonger is the new apprentice at the Frank Gierach barber shop.

Miss Meuna Hatch is a patient at Mercy Hospital, having had an attack of appendicitis.

The Messrs. Leon and Seth Charvel returned yesterday after a week's visit in West Branch, Iowa.

Miss Katherine McPeak arrived from East Tawas on Thursday last. She has been training in a military school in that city.

A new addition has been built to the American Express office. Parcel post doesn't seem to effect their business any.

Paul J. Marienbach arrived from New York City on Saturday for a few days visit at the home of his sister, Mrs. M. Brenner.

Kenneth McLeod had his foot badly crushed while at work on the section, Friday morning, when a heavy steel rail dropped upon it.

News has come to relatives in this city of the death of Captain Daniel McFadden, who was found dead on his barge, Monte Duma, near Buffalo harbor, on November 23rd. His death is attributed to heart failure. At the time his wife was visiting her father, John O. Goudrow, of this city.

Miss Clara Lietz is here from Detroit visiting at the home of her brother, Roman Lietz.

Miss Augusta Kraus is assisting in the A. Kraus & Son dry goods store during the holidays.

Ed. Morrissey, who works at the roundhouse shops, has been absent a few days on account of illness.

The young child, of M. and Mrs. Z. Hollingsworth is very ill.

John Harrison who works at the roundhouse shops, has purchased a 40 acre farm in Oscoda county.

John Benson has purchased the corner property back of the Russell Hotel, and will build a fine cement garage there. The old building that has stood so many years on this spot, has been moved farther back on the next lot.

Arrangements are in progress for the second annual Moose ball which will be held at the opera house on New Year's night.

Clyde King resumed work in Stanard's restaurant last evening after a week's visit with his cousins in Pinconning.

Mrs. John McClellan and little daughter, of Bay City, are visiting her sisters, Mrs. Daniel Hoosh and Miss Blanche Blomdin and brother, Mose.

Master Edward Charron celebrated his eleventh birthday Wednesday, by entertaining a number of his friends at the home of his grandparents, Mr. and Mrs. H. Charron.

Ernest Richardson, of Rosemin, was in this city on business last Friday, also visiting his sister, Mrs. F. E. Gregory.

Frank Nolle, who has been ill more or less during the past summer, is reported as improving and may resume his work in the roundhouse shops soon.

Severn Jensen who drives a delivery wagon for Sorenson Bros. store, had quite a painful accident yesterday afternoon, when he was getting onto the wagon after making a delivery. The horse started up, throwing him to the ground, he striking his head and cutting a deep gash near his temple.

H. C. Holbrook and family have sold their home in this city and are moving to Tekonah, Michigan. This takes them Grayling one of its oldest families, the Holbrooks having moved here from Branch county in 1862.

The L. F. O. Sewing club, which was organized a short time ago, spent a most delightful evening at the home of Mrs. Marie Foreman last Thursday, when they were entertained with a "tea party." All were dressed in evening togs and brought their sewing with them.

**School Notes.**  
(23 Years Ago)

Louis Joseph was absent Tuesday because of illness.

R. D. Barry, of Gaylord, was a visitor at school last week.

Edith Collins illustrated the story of "Jack and Jill" very cleverly by drawings.

Anna Peterson, Lucile Hanson and Frank Bonacker were absent from the church service because of illness.

The following pupils received "A" in spelling every day last week: Ron Corwin, Ruth Harrington, Grace Stewart, Charles Moran, John Phelps, and Myrtle Winslow.

Monday morning the eighth grade enjoyed a visit from Mrs. Alvin Hanson. We of the eighth grade wish that more of the parents would visit us in the same pleasant way.

Saturday evening at the home of Mr. and Mrs. H. Joseph, the members of the football team were entertained at a six o'clock dinner given by Miss Jacobs and Miss Yutley.

**Maple Forest News**  
(23 Years Ago)

Miss Jennie Parsons is working in Grayling.

Miss Sylvia Bigham is working at Otsego Lake.

Will and Edwin Chalker, Jessie Smith and Thomas Hughes, returned last week from a fishing trip in the upper peninsula.

Oscar Capron, has gone to work in the mill at Frederic.

Mrs. Woodburn's school is to have Christmas exercises.

Earl Marshall and family are living in Herbert Knobs house.

Mrs. Parsons and family have moved into their new home.

Gill Vailled is home from Grayling for a few days because of sickness.

Mrs. J. A. Woodburn left for Detroit on Wednesday morning last to visit her daughter, Miss Betha.

Bert Shaw, son of Mr. and Mrs. Gust Shaw, returned home last week after a two year visit in the west.

Mr. J. K. Bates returned last Saturday from a two weeks' visit at the home of his daughter, Mrs. Agnes Hathaway, at Month, Mich.

## Do We Want Socialized Medicine?

(Continued from front page)

1. In the pay envelope and we will pay our own way.

2. Employed person knows that socialized medicine means heavy contributions.

3. Employed person recognizes any socialization of medicine scheme as being a revolution in medicine.

4. Employed person wants a good and healthy to keep it. Generally under health insurance system time lost by insured workers treated in 30 years.

5. Employed person knows that time lost increased from 200 days before compulsory insurance to 12-14 days after. In America, time lost 6-8 days. Statutory for 25 years.

**Not The Taxpayer**  
1. Taxpayer paid State \$82,000,000. Taxpayer paid County, \$1,000,000. Taxpayer paid Township, \$10,000,000.

2. Taxpayer knows that medical care for 4,000,000 people would cost \$1,000,000,000 in taxes. State taxes would have to be more than tripled. Sales tax would increase from 3% to 9%.

3. Taxpayer knows that payments of lost work days due to illness, including feigned illness, and sick pay becomes 18%.

4. Free service is abused by men who seek more than their just share.

5. Taxpayer would pay first rate prices for interior quality service. In Germany socialized medicine is known as second class service.

6. Taxpayer knows that policies would interfere, resulting in monetary and scientific waste. Arpie illustration of waste seen in governmental activities.

7. Taxpayer knows economic depressions increase government spending in face of lessened income. Thus socialized medicine would either mean increased taxation or lessened medical service during trying times.

8. Taxpayer knows that service at public expense is far from being free service. None can escape the tax collector.

**Not The Physician**  
1. 190,000 physicians in U. S. do not want socialized medicine as it would furnish the people a medical service limited in scope and destroy public confidence.

2. Physician has sacred obligations to maintain the quality of medical care. Deficient quality abroad.

3. Physician does not want his patients to substitute suspicion for responsibility and resentment for friendship. This is bad when each benefits are combined with service benefits.

4. People who are actually paid for being sick will have no desire to get well quickly and will resent attempts of a conscientious physician to certify them back to health.

5. Physician has made inroads against all forms of disease in public health.

6. Average death in Michigan: 1900-1909, 34.26; 1910-1919, 30.31; 1920-1929, 28.31.

7. Does not want to lose his initiative, resourcefulness—incapable to improve himself.

8. Patient will suffer if these are supplanted by governmental red tape.

9. Physicians are progressive. Trying to solve the economic problem of past six years.

**Profit Seekers**  
Now on the other hand, those who do want State or Socialized medicine.

1. Seeker after personal profits would benefit by this system.

2. Third party as insurance carriers, lodge or friendly society.

3. A small minority group of physicians whose friendship with unscrupulous politicians would share the profits.

4. Professional philanthropy and social welfare have created a new profession. Increase social welfare.

5. Certain business firms which would stand to profit by large orders for building materials if government took over the work.

6. Seeker knows that complicated administration work and governmental red tape of a social program would require thousands of employees with high salaries picked off by those on the band wagon. He knows that total paid for administration in England is over half paid to physicians and total non-medical workers in Germany is greater than the total of physicians.

7. Seeker knows that the 35 million health insured people in Germany pay rates that have increased from 3% to 6.5% of their monthly earnings.

**Paid Reformers**  
1. Would completely change picture because of a negligible percentage of people who find illness costs heavy in a given year.

2. Paid reformer has been told but forgets. Committee on the cost of medical care surveyed from month to month for one year the health needs of 39,000 people in this country.

3. 47.9% needed medical care and received it.

4. 47.1% needed no medical care. 5% left, sought probably cults, etc.

5. Should present system be changed for a negligible 5%?

6. As a panacea for poverty, sickness insurance is a poor excuse.

**Unscrupulous Politicians**  
1. Sees in socialized medicine the control of a vast patronage army. Hundreds of choice jobs passed out, changes of administration and the spoils system would make practice of medicine a political lottery with political skill instead of professional skill.

2. Knows that socialization of medicine would shut millions of dollars into his hands to be administered by him and his aides.

3. Knows that political system will let out building contracts for large public hospitals, sanatoria, health clinics, etc.

4. Will insist on cash benefit in any socialized medicine legislation. Recipients of these checks will keep him in office. A great system for gaining influence votes.

5. Will make campaign promises to provide good medical care and after election will be indifferent to same. Borne out in U. S. by the F.E.R.A. In Michigan by the Crippled and Afflicted Childrens act and Afflicted Adult act.

6. Result:  
a. Less skilled men in profession.  
b. Mechanical system, no incentive.  
c. Loss of independence and inability to provide needed care.

d. Overwork by physicians.  
**Philanthropists Paid Agents**  
1. Social workers distribute cash benefits (not their own money) according to their own standards and opinions of what is good for the recipient.

2. They seek to do same with services of physicians and resent any implication that they are not equally competent to determine how and to whom and in what amount medical service shall be distributed.

3. So-called foundations have spent millions for surveys of medical care. Same amount of money would have taken care of these cases.

DR. C. R. KEYPORT.

MADONNA

This famous picture of the Madonna and Child commemorating the first Christmas was painted by Antonello da Messina, one of the great Italian artists of the early Renaissance.

**Bees Aid Clover**  
When the Australians first planted clover it grew well in Australia's fertile soil from seed brought from England but produced no seed in the new country. They couldn't understand it until they imported bumblebees, pollen carriers from plant to plant. Nature's cycle was perfected and seed came.

**Bronchial Coughs**  
Get Rid of Them—This Quick Easy Way

Get a small bottle of BUCKLEY'S MIXTURE (triple acting) at any good drug store—take 2 or 3 doses before you go to bed tonight—then if that tough old persistent cough isn't relieved—if you do not sleep like a top all night long—get your money back—it acts like a flash—often one sip checks an ordinary cough.

## What S. Cobb Thinks about

Twilight of Ex-Debutantes

SANTA MONICA, CALIF. Should the long married Mrs. Simpson or should it be vice versa and Mrs. Simpson marry the king, in either event the happy outcome is bound to prove enlightening upon a large coterie of slightly weather-beaten ex-debutantes of the crop of 1925.

Anyhow, it was a great vintage year for debutantes, because that was when we had the most memorable of royal visits. And ever since there have been ever so many now somewhat matured bachelors who, since a former season, have maintained front rank in society by being reminded, about once in six months, of the supreme hour when they danced with the then prince of Wales and speaking of him in a fondly sentimental tone as "Dear David."

But even such a precious reminiscence suddenly becomes mighty pale, mighty puny alongside a prospective achievement which may change the ancient slogan of majesty to "Honi soit qui Wally pense!"

**Passing of the Train Butcher**  
THERE'S melancholy in the news that the railroad "train butcher" is vanishing. Soon, like so many fixtures of the passing generation, such as the dried-patato as cure for rheumatism and the drooping sidewhiskey, he'll be an extinct species.

In my earliest recollections of travel he has a fond place, along with the lunch put up in a congress shoe box, the cinder in the eye and the smell which made every day coach remind you of a woodpecker's nest.

On almost the first car trip I ever made unaccompanied I was he who sold me a sealed volume entitled "The Jelly Old Drummer's Snay Library," with a whispered warning not to break the wrapper before leaving the train for fear of arrest. I remember my gaily feeling, my youthful thrill of anticipation. I got my money's worth right there. I didn't get it later, because there was nothing in that book you couldn't read at a meeting of the ladies' aid with impunity.

He was indeed an engaging scoundrel and engaging scoundrels grow increasingly scarce. There's nothing picturesque about an "investment counselor" doing business with the aid of a sucker list and a new issue of Bull-Corn, preferred.

**Ugly Railroad Stations**  
NO-MATTER which way you're going, it seems you must change trains in Chicago, and nearly always, change stations as well. Chicago proudly boasts of more railroad stations and uglier ones and situated at more remote and inconvenient intervals from one another than any city anywhere. It's as though once upon a time she set out to collect the largest covey of truly homely stations in the world and then the bunch flushed and scattered on her.

Yet as far as I can find out—correct me if I err—there's no structural reason why through cars on most lines could not be switched directly to the connecting lines without being brought into the heart of the city. Maybe Chicago loves the distinction of being the largest junction point on earth.

**Hungarian Duels**  
YOUR correspondent has been quite calm about that Budapest doctor's string of nine duels. I lived through several Kentucky primary elections, so a scrap where you don't have to replace any divots afterward leaves me comparatively calm.

There's an average of 300 duels every month in Hungary, but to date the only fatalities are among those who were bored to death waiting for something to happen. It's fine to be able to appease your sacred honor without losing any of your sacred epidermis.

If, in the old days, we'd only had that system for adjusting political differences, I can think of at least one uncle and several cousins of mine who might still be alive and voting the regular Democratic ticket.

**IRVIN S. COBB.**  
©—WNU Service.

**Webster's Greatest Law Cases**  
In a letter to his brother Ezekiel, Daniel Webster wrote concerning the Sailors' Snug Harbor case upon which he was engaged: "I have made a greater effort in it than in any other since Dartmouth college versus Woodward or than it is probable I shall ever make in another." The Dartmouth college case is, historically, regarded as Webster's greatest effort and a leading case in all American jurisprudence.

## Buy Christmas Seals From School Pupils

Grayling residents who have not received tuberculosis Christmas seals through the mail—and who wish to have a part in the Thanksgiving Day-to-Christmas campaign to provide funds for Michigan's fight against tuberculosis in 1937—may secure a supply of the tiny messengers of health from any school child.

### FIGHT TUBERCULOSIS

### Buy and Use CHRISTMAS SEALS

The mail sale it carries on. Superintendent Poor explained, in agreeing to take charge of the supplementary sale here. "It is impossible for the Association to secure the names of all who would like to contribute and each year many inquiries are made locally as to where Christmas seals may be obtained. It is so that all who wish to participate in the fight against the White Plague may do so that Christmas seals are being made available in Grayling through the school children.

We are not planning, however, to have the school children canvass the community. This procedure would involve much annoyance to those who have already received seals. We shall be glad, though, to fill promptly all requests for seals. They may be had either by contacting the office of the Superintendent of Schools or by asking any school child for a supply.

Superintendent Poor added that the children too would be given an opportunity to purchase Christmas seals for either their own or their parents' use.

"I am in complete sympathy

with this annual sale of Christmas seals to provide funds to fight tuberculosis," Mr. Poor declared. "And inasmuch as it is the children who benefit so greatly, we are glad to have them take this small part in the fight."

### CHRISTMAS TREE BEST IF SIMPLE

More simplicity and resultant beauty in festooning the Christmas tree is suggested by Winifred Gettemy in the home economics department at Michigan State College. The old-fashioned "conglomeration" of many kinds of ornaments defeats itself in too many households in her opinion.

"Simple decorations with real greens instead of artificial ornaments are most desirable," says Miss Gettemy. "If there is a fireplace available, then make that the center of the holiday display instead of scattering the decorations over doors and windows. If a fireplace is not available, then use a Christmas tree or a group of windows for the center of attraction. Greens can be those of pine, spruce or ground pine barked on top of the mantle or made into festoons or wreaths. A wreath makes a good center of interest."

Miss Gettemy does not relegate this work to just one person in the family who might have the eye for beauty in decoration. She thinks it still is proper and the best stimulant to Christmas spirit to have the whole family participating in the decorating.

When it comes to dressing up the tree, however, she again suggests simplicity. Four schemes are useful. One includes the use of ornaments of the same color but of different sizes. Another type of ornament would be all sizes in different colors. A third type of decoration can include tinsel strips with ball decorations, and the last suggestion is for the use of just tinsel strips and bulb lights for decoration.

## SCHOOL NEWS

Students of the school are selling tuberculosis Christmas seals this week. A new feature—tuberculosis pins—are attracting a lot of attention and the price of five cents seems to be quite popular.

The annual two weeks' Christmas vacation will begin December 18.

During the past week the Hi-Y club has been making efforts to organize an intramural basketball league which is open to all eligible boys in the upper four grades. Quite a few novelties have reported.

On the Friday afternoon of the Harbor Springs game, a pep meeting was staged in the auditorium. This consisted of a one-act skit by several members of the high school, and four or five yells that were really loud and were full of pep.

The stage noor, having been the recipient of a handsome job and several coats of varnish, gives the stage a new and pleasant appearance.

The opening of the South Side school has made sixty-two youngsters happy already this year. We have had some snappy days and if you think it's thrilling to walk a mile in freezing weather, ask some of these little tots.

A Visual Method piano recital is coming. The date is December 16; the time is 4:00 and the place is the high school. If you are interested you are cordially invited to attend.

115 G. H. S. armbands have been purchased from the Hi-Y club. These bands are really flashy looking.

Don't forget that Gaylord will play here one week from next Friday. Mancelona was barely beaten by Gaylord last Friday night. The score was 12-10.

At some later date a Michigan Bakery representative will demonstrate methods of making different kinds of sandwiches at the school Home Economics room.

B Average. Betty LeRoy Wilson, Evelyn Weiss, Teddy Bennett, Evelyn Krage.

#### First Grade News

We have been busy getting our room decorated for Christmas. We made wreaths for our windows and door and brought Christmas pictures for our Bulletin Board. We are learning winter poems now and are going to learn some Christmas poems soon.

#### FIRST BUYER OF CHRISTMAS SEALS

First in Grayling to buy 1936 tuberculosis Christmas seals was Mr. A. J. Joseph, the Michigan Tuberculosis Association announces. The thirtieth annual sale of the tiny messengers of health opened on Thanksgiving Day and will be continued through to Christmas. Sixty million of the Christmas seals were distributed in the state this year by the Association and its affiliated organizations, to provide funds to carry on the fight against the White Plague in 1937.

Thanking and complimenting Mr. Joseph on his early purchase, Dr. Bruce H. Douglas, president of the Michigan Tuberculosis Association this week urged that all others in the state who have received seals make their returns as soon as possible so that expense of follow-up letters might

be spared. "Never was the need so great for an intensive anti-tuberculosis program in Michigan," Dr. Douglas declared. "Now, with a complete victory over the White Plague nearer than it has ever been, is the time to redouble our efforts. The 2,044 deaths from tuberculosis in Michigan last year are a challenge to every thinking individual in the light of the utter needlessness of the disease."

Since 1931 the Michigan Tuberculosis Association has brought two of the modern weapons of medical science—the tuberculin test and the chest X-ray—to more than 100,000 Michigan people. Funds raised during the present sale of Christmas seals will help to carry on this work.

### Fred Green

Fred Green never could have been a pompous governor because the unwhimsical quality of his sense of humor would not permit him to take himself too seriously. Toward the close of his term as Governor when arrangements had been made for the painting of his portrait to be hung with those of

FRED GREEN

other governors in the Capitol at Lansing, Green set for an artist long enough to acquaint him with the Governor's features in a general way and the outline of his nose. Then he left and did not return until the portrait "was finished. With a party of friends he stepped into the artist's studio to see it. It was the usual formal portrait of a governor, depicting him sitting in a statesmanlike attitude, clad in a black coat. The Governor frowned. "Nobody can make a striped shirt out of me," he said, and he insisted that the artist paint out the statesman's coat and dress him in something more appropriate. That is why, when you go to the Capitol today, you will find among all the solemn-looking portraits of former governors a painting of Fred Green, a grin on his face, a hunting suit on his body, woodsman's boots on his feet and a dog with his muzzle on his knee. It is a portrait of the real Fred Green, probably the only real picture in all that stern company.—Oscoda Press.

### MODERN

The new 1936 Santa Claus takes to the airplane as the modern successor to the famed reindeer.

Natural Electric Currents. Natural electric currents, having no relation to the weather, flow through the earth and often circulate in grounded electrical equipment to such extent that they set in motion and even damage receiving instruments. During one week many years ago, notes a writer in Collier's Weekly, these currents were so strong that they were able to carry telegraphic messages, without the aid of batteries or any other source of current, for more than 300 miles.

Baboon Was Venerated. In primitive Egypt the baboon was venerated and his mummies have been found in the ancient tombs of the Nile valley. The Egyptians used to tame the animals and teach them to pick fruit, according to legend.

Gunpowder in Use 6 Centuries. Gunpowder first was employed to discharge a projectile early in the Fourteenth century. It was used in a device of a German monk.

## CORONA FOR CHRISTMAS

### CORONA IS THE GIFT THAT KEEPS GIVING

You can give no finer gift than one of the new 1937 Speed Models. You know that when you give a CORONA, you are giving the finest portable typewriter ever made. The only portable with floating shift . . . touch selector . . . piano key action. . . Come in and see them today.

The handsome carrying case can be used as an overnight bag, so you are really giving two gifts instead of one.

## Santa's Aid Enlisted In Fight Against TB

AS MODERN as the pretty young miss who holds him close is the jolly likeness of Santa Claus that appears on the sixty million tuberculosis Christmas seals distributed in the state this year by the Michigan Tuberculosis Association and affiliated organization. Funds raised will be used to carry on the fight against the White Plague that has been waged incessantly by the Association since its organization in 1908.

By far the most gay and colorful of many seasons, the 1936 Christmas seal—designed in modernistic style—is especially appropriate since the educational campaign to fight tuberculosis urges the use of modern weapons.

In the past five years tuberculosis Christmas seal funds have provided over 100,000 Michigan people with two of the modern weapons against tuberculosis—the tuberculin test and the X-ray. The Association hopes to be able to carry on this life-saving work in 1937. The 2,044 deaths from tuberculosis in Michigan in 1935 were pointed out as emphasizing the need for continuing the present vigorous campaign against the disease.

So that the added expense of a follow-up letter may be spared, Theodore J. Werle, executive secretary of the Michigan Tuberculosis Association, this week urged that all who have received Christmas seals through the mail make their returns as soon as possible.

### PREDICT MANY NEW OIL FIELDS

Lansing, Dec. 9—Drilling for oil continues on an unprecedented scale in Michigan, indicating that operators still feel certain that there are rich pools of "black gold" as yet undiscovered.

The office of the state geologist here reports that 624 permits to drill were issued up to Dec. 1 at a cost of \$25 each, exceeding the record high number of permits issued for the whole of 1935, which was 700.

### Man's Heart Skips Beats—Due To Gas

W. L. Adams was bloated so with gas that his heart often missed beats after eating. Adrika rid him of all gas, and now he eats anything and feels fine. Mac & Gidley, Druggists.

### RECORD OF CITY COUNCIL PROCEEDINGS

Meeting held on the 7th day of December A. D. 1936, Grayling, Mich.

Meeting called to order by Mayor C. W. Olsen. Councilmen present: Olsen, Jensen, Schoonover, Milnes. Sales. Absent: none.

Minutes of last meeting read and approved.

Resolution introduced by Schoonover, moved by Milnes, supported by Jensen that the following be accepted, approved and adopted:

Resolved: That the Mayor and City Clerk be authorized to sign an agreement with the United States Government for the grant on a sewage disposal plant at Grayling, Michigan.

It is hereby covenanted that work on the project described in the offer will be commenced as soon as possible and that the progress of the work will be planned so that the project will be completed in any event by July 1, 1937.

Yea: Sales, Milnes, Schoonover, Jensen and Olsen. Nay: none. Passed by unanimous vote.

Moved by Olsen, supported by Schoonover that an option in the amount of \$100.00 to run to July 1, 1937, be taken up by the City of Grayling on the piece of property known as Connine's Park, option price to be part of purchase price if property is bought by the City.

Passed by unanimous vote. Moved and supported that the meeting be adjourned. Motion carried.

George A. Granzer, City Clerk.

Men's All-Rubber 4-Buckle  
Artes. Special at \$2.49.—Gray-  
ling Mercantile Co.

The Ladies of the Danish  
Sisterhood spent a most enjoy-  
able afternoon at the home of  
Mrs. Rasmus Jorgensen, Tues-  
day.

The pupils of the Visual  
Method Piano class of Grayling  
school will give a recital in the  
school auditorium Wednesday af-  
ternoon, Dec. 16, at 4:00 o'clock.  
Parents and friends are cordially  
invited.

Ruth Papendick, age 2, daugh-  
ter of Mr. and Mrs. Ray Papen-  
dick, of Beaver Creek, is a  
patient at Mercy hospital, suf-  
fering severe scalds received  
when she fell in a pan of boil-  
ing water at her home.

Please, if you have any broken  
toys let Mr. Clough know, or call  
the Avalanche, so they may be  
repaired in time for Christmas.  
These are to be turned over to  
some organization to help make  
Christmas glad for some boy or  
girl.

Mr. and Mrs. Dan Baboitt, Mr.  
and Mrs. Charles Corwin, Miss  
Helene Babbitt and F. J. Mills  
were dinner guests, Sunday, at  
the home of Mrs. Babbitt's  
mother, Mrs. Frank Barber, at  
Roscommon; the occasion being  
Mrs. Barber's birthday anniver-  
sary. They report a most enjoy-  
able day.

Harold A. Clemetson, at one  
time a Grayling resident, when  
he was connected with the State  
Highway department, met a  
tragic death Saturday forenoon  
when his automobile was struck  
by a train at a railroad crossing  
just out of Manistee. The family  
live at Cadillac and Mr. Clemen-  
son who was a salesman for a  
wholesale hardware firm, was  
returning home after being there  
on business. Mrs. Clemetson and  
little son Junior who survive  
have the sympathy of many  
Grayling friends in their sorrow.  
Funeral services were held at  
Cadillac Tuesday and the re-  
mains taken to Bath, Mich., and  
later to Lansing for interment.

The life of a Christmas tree  
may be extended at least a week  
if the tree is set in water when  
brought into the house.

As the olsters say, "It is  
pretty hard to keep a good man  
down." So, we were not sur-  
prised to learn that Frank Barnett  
answered to the roll call of the  
Crawford County Road Commis-  
sion Tuesday of last week. Mr.  
Barnett has been seriously ill  
for the past several weeks but is  
feeling quite a little improved.

President Emil Giegling, Sec-  
retary A. J. Joseph and presi-  
dent-elect O. P. Schumann, of  
Grayling Kiwanis club, attended  
the Kiwanis school of instruc-  
tion held in Petoskey Tuesday  
night. Stanley Johnston, gov-  
ernor of the Michigan district, is  
a son of Fred Johnston, a former  
resident of Roscommon and at  
one time county agricultural  
agent of Crawford county, who  
will be recalled by our older  
residents. Governor Johnston  
was born in Roscommon and at  
present is a resident of South  
Haven.

Mrs. Frank Barnett is in  
receipt of a letter from Mrs. M.  
A. Bates, who left in the fall,  
planning to embark for the Phil-  
ippine Islands to visit her son,  
Capt. Emerson Bates, who is sta-  
tioned there. Mrs. Bates writes  
from San Francisco, Calif., and  
states that she is detained there  
because of the strike of the  
longshoremen, which has kept all  
ships in the harbor for the past  
month. When she reached there,  
Mrs. Bates states, she was met  
by Capt. Forman, a classmate at  
West Point, of Capt. Bates. She  
was to embark on the following  
afternoon and the following  
morning the strike was on. Since  
that time she has been a guest  
at the Forman home and, al-  
though she is very anxious to  
reach the Philippines, she is hav-  
ing a most enjoyable time. Mrs.  
Bates gives a vivid description of  
the beautiful flowers which are  
there and of the lovely weather.  
She also says that if the strike  
does not lift soon, she plans to

try to make arrangements for  
passage on a Japanese boat. She  
is most anxious to get to the  
Islands in time for Christmas.  
Word from Mrs. Bates is always  
welcome and we hope to receive  
word from her often.

The new DeSoto on display at  
the Corwin Auto Sales show  
rooms is attracting no little at-  
tention.

Kenneth Hoelsi left, Sunday,  
for Gladwin, where he was join-  
ed by Dan Woods, of that city,  
and the two left for Florida;  
making the trip by motorcycle.  
If everything goes well, the boys  
expect to travel on to California.

The ladies and gentlemen of  
St. Mary's parish enjoyed a get-  
together Tuesday at the parish  
hall, a 6 o'clock goose dinner be-  
ing the main attraction. Follow-  
ing the dinner, a card party was  
in progress and high scores were  
held by Mrs. Ted Morris and Mrs.  
Minnie Isenbauer, "500"; David  
Montour, Pinochle; and Mrs.  
William Lenartz, Pedro.

The movement at the Lake's Sing-  
ing School is continuing.  
The singing school is held  
at the Woman's Club.  
The singing school is held  
at the Woman's Club.

## Notice

I will be in the Grayling  
Sawmill for the purpose of en-  
suring axes on Pickers and  
Sawmills when Dec 11th, from  
9:00 a. m. to 4:00 p. m. On all  
other days I will be at my home  
127 1/2  
Nathan Stephen, Pres.  
Grayling Township

The first of these was the "Singing  
 School" which was held at the  
 school house in the town of  
 "Singing School" in the  
 year 1840. It was held for  
 the purpose of teaching the  
 children to sing and to  
 read the Bible. It was  
 held for a period of six  
 weeks and was very  
 successful. The children  
 learned to sing and to  
 read the Bible and were  
 very happy. It was a  
 great success and was  
 very well attended.

DESR FILIPPIN IN SUE

Prigatenyev by summer. The  
 year ran into a dog year. The State  
 went southwest to Sverdlov and  
 were anxious now the dogs were  
 intervention officers. I was  
 two of the best were  
 that the spirit, I argue the best  
 exhaustion. He said he was  
 brought to higher ground. I  
 north near Moscow. I was  
 center of the day. I was to be  
 reached and that to be sent to  
 the officers.

**WOMAN'S DEMOCRATIC CLUB**  
**NOTES**

There was a good attendance at the meetings of the club Monday evening in the school building. Activities will continue through the winter with meetings held on the first Tuesday evening in each month.

Capt. Connolly of Camp Higgins was the speaker of the evening and as is usual with his talks, it was very interesting. He told of the life of the enrollees in the CCC camps, and made an appeal for magazines, musical books, or anything that will make more comfort to the boys. Of course these would be things that folks would have no use for themselves. By telephoning the camp they would be called for.

Another matter which Chaplain Connolly said they were striving to solve in town where the boys could wait for trucks when they come in for the evening so they would not have to wait out in the cold. He said they would be glad to furnish the fuel or do any work that needed to be done about a building.

Interpersed in the program was some very clever tap dancing by the young Chinese, some vocal numbers by the quartet, and under direction of Miss Bath, some community singing with Mrs. Martin Hansen at the piano.

In all it was a very interesting meeting.

Ability of Queen Bees

The queen bees

### ABILITY OF AMERICAN POWER

The ovum too is able to lay off the granules or yolked cells, according to the size of the cells in which they are in developing. Fertilized eggs are laid either in small worker cells or in large irregular queen cells and developed into queens or workers. Unfertilized eggs are laid in drone cells and those that develop become drones.

Three Follicle Layers.

Thus, newly hatched, emerging from the ground, after their direction according to light, not gravity.

WASHER AND WASHERS

These boys will be registered and trained by parents working on the National Youth program under competent supervision and their names put in the community or their use in other ways.

They are not even now the slaves  
of these nations in the East, and  
that that will bring happiness  
and peace to some day in all  
the Americas. If you have any  
love for this purpose, kindly  
give your aid to the American  
Office in with further strength.  
For God is in Russia, America  
and they will glorify and be  
there.
